New Release \$600* POS BOX to kick off your business

This newly introduced Winpos-3000 "POS Box" package is specifically designed for startup business with standalone station and limited budget.

Winpos-3000 "POS Box" has features such as sales, purchase, and inventory control, that would benefit retail store owners of café, fast food, gift shop, and fashion stores by generating different reports to track inventory flow. Even with a single license, users can setup multiple accounts with different user rights for multi-personnel use. With WinPOS-3000, small business owner can now throw away their old cash register and enjoy this superior business management system!
